

First aid naturally

Superficial cuts, scratches and grazes

Hypercal Cream applied to minor cuts, scratches and superficial wounds may help reduce the risk of infection and enhance the healing of wounds. Hypercal is a natural antiseptic containing analgesic St John's wort and healing calendula.

Minor scalds, burns and sunburn

Combudoron Cooling Gel may help relieve pain and promote healing of minor burns, scalds and sunburn.

Insect bites and stings

For mild bites and stings, Combudoron Cooling Gel may help soothe the pain and the itch. Containing echinacea (anti-inflammatory), nettle (relieves the itch), arnica (anti-inflammatory and soothing) and aloe vera (soothes and heals) this is a handy essential for the family first aid kit!

Bruises, strains and sprains

Arnica Cream helps reduce bruising and relieve sprains and strains, and muscle aches and pains. Homeopathic Arnica as an oral spray can be used in conjunction with topical arnica preparations.

Read the label. Use only as directed. If symptoms persist seek the advice of your healthcare professional. Products sold individually not in kit form.
